

Your Local Hospital is in

+ Crisis +

HOSTILE TAKE-OVER THREATENS LOSS OF SERVICES

- Already underserved
- Capacity to serve only 1/3 of current residents
- Fastest growing community in the GTA
- Already overflowing Emergency Department due to bed shortage
- Capacity to admit only 50% of people who require admission

AND NOW:

- Impartial expert panel recommendations are being ignored
- Our ability to exercise control of our local health care is being threatened
- Offered only token representation on the Lakeridge board

SHOW YOU CARE ABOUT YOUR HOSPITAL

- Come to the “My Community – My Hospital” rally
- Sign the petition – on-line or paper
- Visit the website: www.friendsofAPH.ca
- Spread the Word:

Did you know?

Today, Ajax/Pickering Hospital covers 40% of the population of Durham Region, growing to 50% by 2020.

Did you know?

Instead of following their own expert’s advice and creating a new amalgamation between Ajax/Pickering Hospital and the Lakeridge Health system, Ajax/Pickering Hospital will be considered just one more asset controlled by Lakeridge Health and will be fit into their existing plans which were made with **NO** consideration for West Durham.
